EDUCATION

FAST National University of Computer and Emerging Sciences, Lahore

BS Software Engineering

2023 – Present

Roll No: 23L-3005

PROFILE

Software Engineering student currently in 6th semester at FAST NUCES, Lahore. Strong foundation in Object Oriented Programming, Data Structures & Algorithms, Software Design, and Database Systems. Experienced in developing academic and full-stack applications using Java, C++, Python, and MERN stack. Currently exploring AI technologies while strengthening problem-solving and core CS concepts.

PROJECTS

Alzheimer's Disease Detection | *Python, Streamlit, Scikit-learn*

March 2026

- Developed a machine learning model to predict Alzheimer's disease using clinical dataset features.
- Performed data preprocessing, feature selection, and model training using Scikit-learn.
- Built an interactive web interface using Streamlit for real-time predictions.

Relief Ledger | *MERN Stack*

April 2026

- Built a web application for managing and tracking relief funds.
- Implemented REST APIs and database integration using MongoDB.
- Designed responsive frontend using React.js.

Online Clothing Store | *Vue.js, PHP*

June 2025

- Developed a full-stack e-commerce web application.
- Implemented product listings, categories, and cart functionality.
- Integrated frontend with backend APIs.

Cinema Ticket Booking System | *Java*

April 2025

- Built a GUI-based application with seat selection and booking features.
- Implemented booking logic and data storage using file handling.

LogiSim Application | *Java*

November 2025

- Developed a desktop application for designing and simulating logical circuits.
- Implemented logic gate operations and circuit validation.
- Designed user-friendly interface using Java Swing.

TECHNICAL SKILLS

Languages: C++, Java, Python, Javascript

Web Technologies: Express.js, React.js, Node.js

Databases: MySQL, MongoDB

RELEVANT COURSEWORK

- Data Structures
- Object-Oriented Programming
- Database Systems
- Software Design
- Algorithms Analysis
- Web Development
- Artificial Intelligence
